## **DRY CHLORINE BLEACH**

**DESCRIPTION:** This product is biodegradable in conformance with all industry standards. Excellent for use on pots, pans, glassware and silverware - for rinsing purposes. Can be used on butcher blocks, and food processing equipment. This product is designed specifically for laundering of cloth fabrics. Excellent for all bleaching jobs. It is stable in dry form, but releases chlorine immediately when dissolved in water. This product works at any water temperature.

**DIRECTIONS:** For average soil, use 4 oz. per pound load of clothes. For heavy soils, use 5 to 6 oz. per pound load of clothes.

**CAUTION:** Chlorine must be fully rinsed from fabrics. Care should be taken not to pour directly on damp clothes or fabrics.

For use on food processing equipment, butcher blocks, silver ware, pots, pans and glassware - use ½ oz. to 1 gallon of water.
