BUS WASH

DESCRIPTION: A green viscous liquid concentrated detergent designed for use in automatic car laundries. It has rich, stable suds, excellent lubricity, is unaffected by hard water, and is free rinsing. A clear viscous liquid with a mild pleasant odor, and is biodegradable.

SUGGESTED USES: Designed to be used as a car shampoo in automatic foaming equipment as well as automatic brushes. It has excellent lubricity, insuring long life of the automatic brushes, and contains an ingredient which gives extra cleaning ability for the automatic brush system. FLO-FOAM is also highly recommended for mitting operations and will produce an abundance of long-lasting suds.

METHOD OF MIX AND APPLICATION: Usually metered into the foamer or automatic brushes with a Dema proportioner. The proportioner should be set to meter the shampoo concentrate into the foamer or brushes at the rate of ½ to 2 ounces per gallon of water, depending upon the system and the condition of the water.

SAFETY: Nontoxic, nonflammable, non-caustic, and may be easily used by all operating personnel. No special precautionary measures need be employed.

SPECIFICATIONS:

Color	Blue/Green
Fragrance	Detergent
Type of surfactants	Anionic
Phosphates	0
Viscosity @ 77EF	400 cps
ph	12.5
Active Ingredients	22.0%
Specific Gravity	1.043
Hard Water compatibility	Excellent
Shelf Life	Indefinite
Grease Cutting Ability	Excellent
Soil Penetration	Excellent
