## Glass Brite 9005

### Cold Climate Window & Chrome Cleaner

**DESCRIPTION:** Glass Brite is an economical, highly concentrated glass cleaner containing a blend of alcohol and grease cutting detergents. It has been developed specifically for cold weather regions, down to as low as  $-40^{\circ}$  (depending on wind chill factor). In freezing, sub-zero temperatures it is a ready to use product. Having non aggressive dye's it will not stain fixtures or window frames. Because of its properties it can also be used diluted, up to 40:1 ratio. Having a non-streaking formulation it has the ability to be used in various applications (e.g., smoke residue, traffic film, etc.).

**DIRECTIONS:** Dilutions will vary depending upon Climate / weather conditions (as stated above). Apply with a hand sprayer, follow with a lint free cloth or towel, wipe and polish glass surface to a sparkle. You may also use with a professional window cleaning system utilizing lambs wool applicators and squeegee's. For use on windows, windshields (do not use as wiper fluid), mirrors and chrome surfaces.

**FIRST AID:** Eyes; Flush with large amounts of water. If irritation persists, obtain medical attention. Ingestion; Obtain immediate medical attention.

**HANDLING AND STORAGE:** Store in a cool, dry, well ventilated area. Keep container tightly closed after each use.

#### **SPECIFICATIONS:**

Color.....	Blue
Appearance.....	Clear liquid
Density.....	8.21 lbs./gal
Specific Gravity.....	0.985
pH.....	$7.5 \pm 0.5$
