LIME DESCALER

DESCRIPTION: This product is a concentrated, green liquid for use in dish machines, to dissolve light to medium lime scale buildup. It contains surfactants and emulsifiers to penetrate and take off lime and other difficult deposits. It is also recommended for use on food service equipment such as: stainless steel steam tables, food preparation equipment and coffee urns.

ADVANTAGES:

- Dissolves lime in dish machines resulting from hard water conditions.
- Removes lime or soap film buildup on tile walls and floors.
- De-stain and descales coffee urns.
- Occasional wiping of stainless steel surfaces restores original luster.
- Positive acting and safe when used as directed.

DIRECTION FOR USES:

Dish Machines:

A. SINGLE TANK

- (1) Spray or brush this product at full strength on hard to reach of heavily encrusted areas.
- (2) Fill tank 3/4 full with hot water.
- (3) Add ½ to 1 gallon of this product.
- (4) Turn on machine and circulate solution until lime film is removed.
- (5) Drain tank and flush with clean, hot water.

B. DOUBLE TANK

- (1) Spray or brush this product at full strength on hard to reach or heavily encrusted areas.
- (2) Fill both tanks (wash & rinse) 3/4 full.
- (3) Add ½ to 1 gallon of this product to each tank.
- (4) Repeat steps 3 and 4 listed above.

NOTICE:

The information contained herein, is to the best of our knowledge and belief, accurate. Since the conditions of handling and use are beyond our control, we make no guarantee of results. We assume no liability for damages or penalties resulting from our suggestions or recommendations, nor are these to be taken as a license to operate under, or recommendations to infringe, any patent.

COFFEE URNS:

A. INSIDE

- (1) Add 2 gallons of hot water to urn.
- (2) Put 3 oz. Of this product into water.
- (3) Swab down interior with solution.
- (4) Drain.
- (5) Flush thoroughly with clean water.

B. OUTSIDE

- (1) Wipe down with 1 oz of this product to 3 gallons of water using a cloth or sponge.
- (2) Rinse with clean water.

GLASSWARE:

- (1) Soak glassware in solution - ½ oz of this product to 1 gallon hot water.
- (2) Brush thoroughly inside and out with descaler solution.
- (3) Rinse with clean water and drain dry.

STAINLESS STEEL or ALUMINUM SURFACES:

- (1) Wipe with solution 1 oz of this product to 3 gallons hot water.
- (2) Rinse and wipe dry.

STEAM TABLES:

- (1) Spray or brush full strength directly on steam coils.
- (2) Let stand 5 minutes.
- (3) Fill tank with hot water.
- (4) Brush steam table interior thoroughly.
- (5) Drain and rinse with clean water.

TILE WALLS AND FLOORS:

- (1) Brush solution 1 oz of this product to 1 gallon water on surface. Rinse with clean water and dry.

SPECIFICATIONS:

pH-1% Solution.....	1.75
Wetting Ability.....	Excellent
Odor.....	None
Rinsing.....	Excellent
Foam.....	Slight
Color.....	Clear, Green

This product, straight, or in solution, is far safer than muriatic acid, but prolonged contact with metals and excessively high temperature of solutions are not recommended. Safe when used as directed, on stainless steel, such as: dish machines, (interior & exterior), steam tables, glassware, coffee urns, china and plastic ware.

CAUTION

**KEEP OUT OF REACH OF CHILDREN
DO NOT TAKE INTERNALLY
PROTECT FROM FREEZING**
