**LOW SUDS
HEAVY DUTY
LAUNDRY DETERGENT**

DESCRIPTION: This detergent is a total formulated laundry compound containing wetting agents, water softeners, grease emulsifiers and optical brighteners.

DIRECTIONS FOR USE: For normal soil, use ½ cup to a 18 lb. load. For larger machines increase in proportion to load size. A layers of foam or suds on top of the water indicates you are using the proper dilution of detergent. If foam does not develop on surface of water, add more detergent. Maintain ½ to 1 inch of suds on top of water. If water conditions are very hard, more low foam may be required. For excessively soiled clothes, use two cups per wash load. Should a particular piece of laundry be heavily soiled, make a paste with detergent by adding a small amount of water to approximately 1 oz. detergent and mix together. Rub paste on the heavily soiled area, then put through regular wash cycle.

SPECIFICATIONS:

pH (1%)	11.6 ± .2
Sp gr	NA
Color	Blue, granular
Odor	sl. lemon
Viscosity	NA
