## **SOIL BREAK**

**DESCRIPTION:** This product is a unique formula for use as a Prespotter. It is a combination of, detergents, solvents, emulsifiers, that removes grease, oil, ink, tar, lipstick, and other types of soil. This product is water soluble.

**RECOMMENDED:** For use on wool, nylon, acrylic, polypropylene, and polyester carpet fibers. Excellent for use on most upholstery. Always pretest for color fastness.

### **ADVANTAGES:**

- Neutral pH--Minimizes carpet brown out.
- Blended solvents--Dissolves many different type oil soils.
- Water Based--Cleans many food soils.
- Removes many water based and oil based inks.

**DIRECTIONS FOR USE:** Check for Color fastness.

Pre-spotting: Apply this product to the spot. Allow sufficient time for spot to soften. Agitate with brush, one scraper or any tool designed for scraping spots. shampoo or soil extract carpet in normal manner.

May be used undiluted for heavy soils or stains. Apply with trigger sprayer to stained area and allow to work. Blot treated area with white absorbent cloth to remove loosened stain and excess solution. Soil Break can also be mixed 8 oz. Per gallon of water and applied to the carpeted surface by means of a low pressure sprayer. Allow Soil Break to remain on the surface for approximately 10 minutes, then shampoo or extract carpet in the regular manner.

See Reverse side for product specifications.
