SPRA KLEEN TRUCK & BUS WASH

DESCRIPTION: This product is a mildly alkaline, pink, free-flowing powder, designed for simplified washing of transportation equipment.

PHYSICAL PROPERTIES: Safe for use on all metals, paints, plastics, and rubbers. It is a homogeneous blend that will not cake or layer in the drums. It is readily soluble. Extremely free rinsing and is well supplied with sequestering and chelating agents so that it may be used with water of any hardness.

SUGGESTED USES: The ideal material for the quick, simple, economical method for efficiently washing trucks, trailers, cars and buses. It may be used not only as an exterior cleaner, but also for cleaning the inside of truck vans and for in-place engine cleaning.

METHOD OF MIX AND APPLICATION: Normally used in water solutions at a concentration of from two to four pounds per fifty gallons. The weaker solutions are used for all normal washing. For extremely dirty trucks, three pounds per fifty gallons of water is recommended; for engine cleaning, use four pounds per fifty gallons.

The solution is applied with a spray wand and suitable pump, such as a Graco President. Spray the entire vehicle, making sure all surfaces are completely wetted. Allow to set two to three minutes and follow with a pressure water rinse. In most cases, no hand rubbing will be needed to remove the soil. After rinsing, the vehicle is allowed to drain dry. no wiping is needed to avoid water spotting.

SAFETY: Non-toxic, non-flammable, and non-hazardous. No special storage or handling procedures is required.

**CAUTION
KEEP OUT OF REACH OF CHILDREN
DO NOT TAKE INTERNALLY
PROTECT FROM FREEZING**
