STAINLESS STEEL CLEANER AND POLISH

DESCRIPTION: This cleaner is formulated to remove dirt, oil, grease, carbon deposits and other soils. When used as a polish it leaves a colorless film that protects the surface from tarnishing and discoloration. When used as directed it will leave a surface that will repel dust and can easily be polished to bring back a high luster.

RECOMMENDED USES: Use on stainless steel, copper, brass, counter tops, ceramic tile, chromium, range hoods, aluminum and painted surfaces. It is ideal for restaurant equipment, display equipment, drinking fountains, ovens, elevator doors and wherever high luster metals or surfaces are used.

ADVANTAGES

- Clean
- Polishes
- Protects
- Easily applied
- Will not corrode bare metal
- Does not build up

APPLICATION: Take a clean cloth and dampen with water. Wring out excess water. Spray cleaner onto cloth and wipe down the surface to be cleaned and polished. Take a clean soft dry cloth and polish the surface for luster and remove excess polish.

CAUTION: DO NOT USE ON FOOD PROCESSING OR FOOD CONTACT SURFACES.
