FLO QUAT SANITIZER

DESCRIPTION: This product is a blend of dual quaternary ammonium chlorides formulated for a broad spectrum action against both gram positive and gram negative organisms. It has a high tolerance to hard water without losing its effectiveness. It can also be used on food contact surfaces without a potable water rinse. It is effective in the presence of organic soil.

GERMICIDAL PROPERTIES:

Bacteria: Sanitizer - 1 oz. to 4 gallons water
 Disinfectant - 3½ oz. to 5 gallons water
 Staphylococcus Aureus (ATCC #6538)
 Salmonella Choleraesula (ATCC #10708)
 Pseudomonas Aeruginosa PAD-10 (ATCC #15442)

Virus:

- Influenza Az Asian
- Adenovirus Type 5
- Herpes Simplex
- Vaccinia Viruses

ADVANTAGES:

- Disinfects, sanitizes, deodorizes.
- Broad spectrum action.
- Dual QUAT. Provides synergistic action.
- No Rinse feature.
- Control cross infection - hazard.
- Use as Sanitizer on food contact surfaces.
- Effective in hard or soft water.

RECOMMENDED USES: This product can be used in homes, schools, hospitals, nursing homes, offices, food processing plants, dairies, restaurants, and bars. Use this on and/or in locker rooms, corridors, classrooms, shower stalls, garbage pails, sink tops, floors, walls, telephones, restrooms, food processing equipment, food utensils, dairy equipment, dishes, glassware, silverware, cooking utensils, and beauty and barber equipment.

APPLICATION: To Sanitize, Disinfect or Deodorize immobile or mobile surfaces, follow directions on the container exactly.
NOTE: For Heavy Soiled or contaminated areas, a pre-cleaning step is recommended.

HOSPITALS: Mix 3½ oz. per 5 gallons of water. Apply with cloth, mop, or sponge. For heavy soil follow pre-cleaning step.
FOOD PROCESSING EQUIPMENT: Mix 1 oz. per 4 gallons of water. Provide 200 ppm of active quaternaries. At this level, no potable water rinse is required.
DAIRIES: To sanitize mix 1 oz. to 4 gallons water (200 ppm). No rinse required. **NOTE:** Follow recommendations of local health board.
RESTAURANT AND BAR RINSE: Rinse and immerse in a sanitizing solution containing 1 oz. per 4 gallons of water.

KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

SPECIFICATIONS:

Color	Clear-Colorless
Specific Gravity	1.00 ± 0.005
pH	7.5 ± .5
Active Ingredients	10 ± 0.1
Refractive Index	12.5 ± 0.5
Odor	Quat
Solubility	Complete in water
Viscosity	Same as water
